AquaBubble™ NutriFilter™

The AquaBubble™ NutriFilter™ System consists of the NutriFilter™ Manifold Kit, the Crystal Media Tank, and Automatic Backwashing Filter.

NutriFilter™ Manifold includes Meter, Meter Control, transformer, Filtered and Unfiltered sample taps.

Meter Control monitors water use with 80% threshold yellow flashing light, 90% threshold red flashing light, and beeps when threshold gallons is met. Also displays flow, total flow and peak flow.
